Admiral Stansfield Turner  
Director  
Central Intelligence Agency  
Washington, D.C.

Dear Admiral Turner,

As President of the Day Student Government Association of Pace University in Pleasantville, I would like to invite you to speak at our commencement exercises.

Given the critical nature of the international scene and the intense interest of our students in the threat to America's role in determining the cause of events, we are most anxious to have your evaluation of what the direction of American policy should be.

Graduation will take place in the early afternoon on June 1, 1980. The Senior class believes it especially important that in this time of crisis a person of your stature deliver the commencement address. Therefore, we shall be grateful for an early, positive response.

Sincerely,

Richard J. Kneeley  
DSGA President
